Napier Sailing Club is committed to implementing and encouraging environmentally responsible actions and initiatives from management to participants.

Our collective mission is to:

- Implement and encourage environmentally responsible actions and initiatives from management to participants.
- Follow, adopt, and promote local recycling guidelines.
- Strive to reduce waste of all types, adopt a sustainable procurement code, choose environmentally friendly products, upcycle, and repurpose where possible.
- Progressively reduce our environmental footprint via practical and meaningful steps.

Sailors and Supporters are encouraged and kindly asked to take and promote the following positive steps:

1. Reuse, reduce and recycle wherever possible.
2. Eliminate single-use plastics completely (like water bottles, packaging, and bags).
3. Conserve water as much as possible.
4. Use cleaning products that are biodegradable and sustainably formulated to reduce stress and impact on the marine environment.
5. Reduce the amount of fuel by maintaining and driving RIBS and support craft to maximum efficiency.
6. Communicate responsibly – use digital messaging and avoid printing.
7. Promote the message of sustainability through your channels.
8. Speak up if you see someone breaking these commitments.
